GROW YOUR OWN

You will need:

- Tomato seeds
- Small pots
- Seed compost
- Clear ploythene bag
- Lolly stick

Care:

Support plants with a cane of stick when plant is about 2.5cm high.

How to grow:

- Fill pot almost to the top with compost. Place a few seeds on the surface then cover with bag.
- Place on warm, sunny windowsill.
- Once two leaves have grown separate and plant out into 5-8cm pots. One plant per pot.
- In late may-mid June (after frosts have past) you can plant in the ground or in a growbag.
